IT Security Policy

Passwords

Passwords must be at least 14 characters long and must not reuse any of the previous 10 passwords. Passwords for standard accounts expire every 180 days. Multi factor authentication is mandatory for email, VPN and the warehouse management system.

Device security

Company laptops must use full disk encryption and must lock automatically after 5 minutes of inactivity. Personal devices may access email only through the managed mobile app.

IT Security Policy

Reporting a security incident

Suspected phishing, malware or lost devices must be reported to the Security Operations Centre within 1 hour by calling extension 4400 or emailing soc@harbourline.example. Do not try to investigate or clean an infected device yourself.

Data classification

Information is classified as Public, Internal, Confidential or Restricted. Customer shipment data is Confidential. Salary data and customs investigation files are Restricted and may only be stored in approved systems.
